Lady Bison Softball End Season with Winning Record

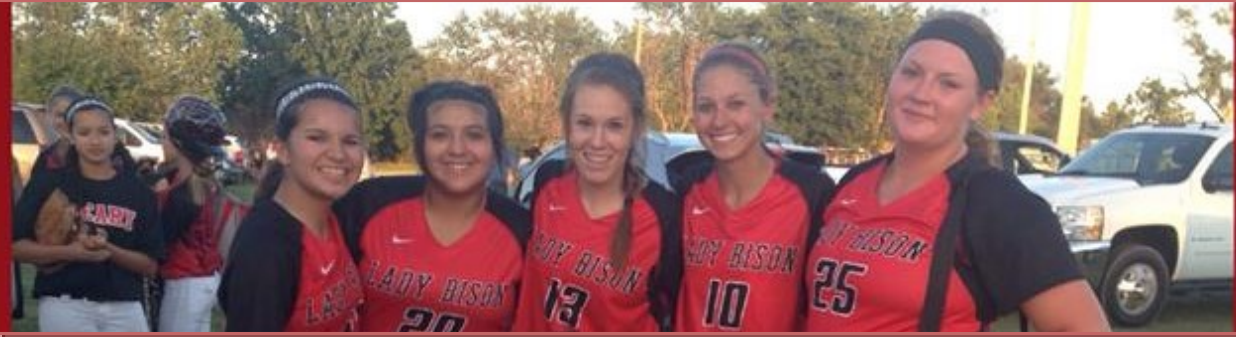

Left to right: Hailey Leyva, Stormie Boston, Montana Allen, Maria Ramos, Kaylynn Chapman, Maggie Base, Monica Martinez, Sydney Lawson, Carolina Perez, Lea Leyva, Lakota Burton, Aivrie Drumm, Paydon Trumbly

The Lady Bison softball team ended their season with a winning record 13-10. "It was the best season we've had since I've been here," states Coach Ramer, "We went through a lot of adversity with events happening but fought hard through them. It was also a very emotional season knowing that we had five seniors and that any game could become their last due to the chance of injury. Overall, we had a great season; the girls had great chemistry and played as a team. It is definitely one I will never forget." The softball team would like to give a special thanks to the city of Geary for providing new dirt on the field and Brent Antwine for leveling the field. With the upgraded field and the winning record, the softball team was rewarded by the OSSAA by having the chance to host Districts. They would also like to thank the elementary for cheering on the softball girls at Districts and the send off at the elementary for the softball girls.

Senior softball players interviews on page 2.

Senior Softball Players Reflect on the Season

"This has been the most successful season that I have ever played in. I wouldn't trade this team for the world. We all got along and had a fun time. Coach Ramer is one of the best coaches I've ever had and I'm sure you can tell that by how much our record has improved these past 3 years. I want to thank all the fans that followed us through out the season. It felt good to look up in the stands and have a crowd. I'm going to miss this so much next year but I know that the underclassmen are going to have another successful season next year."
-Maggie Base

"My last year of softball went by really fast. I couldn't have asked for a better team though! To leave with having the best record Geary's softball has had since I've been playing high school sports means a lot. Coach Ramer pushed everyone to become a better player and that's why we had a successful season. I'm so grateful to have him as a coach!"

-Sydney Lawson

My senior year of fast pitch softball was one that I will never forget! I couldn't have asked for better teammates or a better coach. What I will really miss about softball is being able to play with all of the girls, and especially being able to play for Coach Ramer."

-Monica Martinez

"I think we had a very great season! We had a winning record and an awesome coach to guide us. Coach Ramer made my senior year of fast pitch very memorable and exciting! Even though we had some ups and downs throughout the season we still played together as a team. I'm very glad I got to spend my senior year of fast pitch with the girls on the team and Coach Ramer."

-Kaylynn Chapman

Teacher Interviews Come to an End

Mr. Winslow

Mr. Donald Winslow is our new High School science teacher. He was born in Brazil on July 12, 1949. He also attended High School in Brazil where he graduated in 1967. While in high school, he played soccer, hand-ball, and was also on the swim team. He attended three colleges and received his masters at Texas A&M.

When asked why he chose to become a teacher, he claimed that he likes working with kids and that it "helps keep him young." In high school, he was considered a good kid and always did as he was told.

Mr. Winslow has two daughters. One lives here in the U.S. and the other is still living in Brazil. Having just moved here he doesn't have many hobbies but he enjoys traveling and sailing when he can.

Mr. Lopp

Mr. Laramie Lopp is our new Agriculture teacher. He was born on July 16, 1987 and attended El Reno High School where he graduated in 2006. He did not play sports in high school. When asked if he was a good kid during high school he claimed that he was an "excellent" student.

He attended college at Oklahoma State University where he graduated in 2014. Besides working, his hobbies include fishing, hunting, and golfing.

Fun and Random Facts

1. If you hold in your sneeze, you can rupture a blood vessel in your neck and die.
2. It would take 1,000 years to watch every video on YouTube.
3. Men are 6 times more likely to be struck by lightning than women.
4. If you sneeze too hard, you can fracture a rib.
5. Our eyes are always the same size from birth, but our nose and ears never stop growing.
